4RELIEF

Soles4Souls Canada helps get new shoes and clothing to people in crisis, freeing up financial resources they can use toward other needs.

When people experience economic hardship—either chronically or because of a crisis—meeting basic needs is a challenge.

In times of disaster, we assess the need and act after first responders.

Together with partners all over Canada, we get new shoes and clothing to people in crisis, freeing up financial resources they can use toward other needs.

“Prior to selling shoes through Soles4Souls, I was unable to care for my family. One pair can help me send my kids to school, help feed my family, and bring joy to my kids and husband. I, and other women like myself, have been able to regain control of our lives.”
 - Ginette, Haitian Entrepreneur

Those businesses and jobs help provide food, education and shelter for entrepreneurs, employees and their families.
